

THE CAPE

AUSSIE FLY FISHER

AUSTRALIA'S NORTHERN FRONTIER

NORTH MAPOON, CAPE YORK, QLD

WHERE

At the northernmost tip of Australia; across the Torres Strait from Papua New Guinea lies one of the most robust, varied and uncrowded saltwater fisheries in the world.

Guests fly into the regional township of Weipa. Weipa can be easily accessed via Qantas Airways from all major Australian cities within a day.

Once in Weipa you will be welcomed by the Aussie Fly Fisher team, spending the night at The Cape Fly Fishing Lodge. From there guests venture approximately 80 kilometres north towards the small indigenous town of Mapoon where guests board the 64 FT Mothership "Freedom," accessing a vast fishery with more than 100 miles of coastline that includes 11 rivers and river flats.

WHAT

Your 7 Night / 6 Day North Mapoon fly fishing trip is completed aboard the 64 Ft New Wave Power Cat Mothership "Freedom." Freedom is family owned and operated by Weipa locals, Karl and Eileen Reed who have been visiting the waters North of Mapoon for more than 20 years.

Each day angler's fish a diversity of flats, river systems and creeks, returning to Freedom to relax in comfort and enjoy the Northern Australian climate. Fishing is aboard our two American Made dedicated fibreglass skiffs with a 2 Angler : 1 Guide ratio.

It is not uncommon to encounter over 30 species over the course of a weeks' fishing. Anglers can chase high-speed pelagics like Tuna and Mackerel close inshore, sight fish on the river mouth flats for trevally, queenfish, barramundi, giant herring and mangrove jack.

And then there's the flats fishing. The **prized Indo-Pacific Permit, T.Anak**, one of the "**Big 4**" permit species is endemic to the area providing an inviting flats challenge. Join us for an incredible adventure in one of Australia's truly most remote fly-fishing destinations.

GENERAL PROGRAM

The trip offers six full days of fly fishing the river flats, creeks and blue waters of Northern Mapoon, approximately 80 Kilometres north of Weipa.

Here, anglers will have the opportunity to fish the wild untouched northern Cape York waters less accessible by others. Given the low angler pressure and human presence, these waters have healthy populations of T.Anak Permit, Barramundi, Queenfish and Golden Trevally, with your usual blue water pelagic species including Tuna, Cobia available close by.

Bring a range of crab patterns, but we recommend:
